Mr. Dakan,

I have been asked to contact you in regards to your interest in the possible acquisition of the company or the refinancing of the equity in Buffington Homebuilding Group, Ltd. Although we are pleased to hear of your interest in our company any communication needs to be directed to Builder Advisory Group (BAG); whom we are in an agreement with to help market and sell the company. I have let my contact Marty (cc'd) at BAG know that you may have some interest and asked that he gets in contact with you. Marty's contact information is below.
